

GENERAL SURGERY CONSENT FORM

Pet's name _____ *Owner's name* _____
Procedure _____ *Today's phone #* _____

I, the undersigned owner or agent of the owner certify that I am eighteen years of age or older. I consent to examination of, anesthesia and surgery on this pet by Dr. Rotigel. I understand that although very safe, anesthesia and surgery do have risks. I have discussed any concerns I have with Dr. Rotigel. **Pre-anesthetic blood work has been recommended at a cost of \$49. Heartworm testing and preventative should be current.** I have been informed of approximate costs of services to be performed today.

I understand that examinations by the doctor and/or under anesthesia can reveal other problems such as ear infections, fleas, dental disease, skin infections, etc. I understand it is therefore important that I may be reached today at the above phone number.

Please **circle one** of the following 4 choices:

1. I approve any/all additional procedures that Dr. Rotigel feel appropriate.
2. I wish to be called for approval of any additional procedures.
3. If unable to reach me, I approve of additional procedures up to \$ _____
4. I decline any/all additional procedures.

Should unexpected life saving care be required and Dr. Rotigel is unable to reach me or time does not allow for a phone call, the staff has my permission to provide such care and I agree to pay for such care. (Please note this is very unlikely).

	yes	no
--	-----	----

I would like pre-anesthetic blood work done before anesthesia: **yes** **no**

I would like LASER used for surgery (cost \$55-75+) **yes** **no**
